

In Verona there are two families : the Montagues and the Capulets. They are always fighting : a night they organized a "Risiko" match. While they were playing, Romeo and Juliet (the children of the families) were exchanging loving messages and looks. The Montagues won the match and the hatred between the families began.

Tebald discovered where Romeo and Juliet were through their Instagram stories. Tebald threatened Romeo and Mercutio a trusted friend Romeo defended him and tebald killed him so Romeo killed tebald back with his knife.
